

Alexander A. Kovalenko

Works on the relationship between resource-producing regions, institutions and long-term development across Africa, Asia and Eurasia.

Selected advisory and board-level engagements.

Works on the relationship between resource-producing regions, institutions and long-term development — across Africa, Asia and Eurasia.

INSTITUTIONAL POSITIONS

Public Council under the Federal Agency for Subsoil Use (Rosnedra)
Expert Council on Africa Cooperation under the Deputy Chairman
of the State Duma of the Russian Federation

PhD in Economics.

AREAS OF ENGAGEMENT

01

Governance

Board participation and institutional alignment
in complex operating environments.

02

Natural Resources

Extractives, infrastructure, strategic minerals
and resource-linked jurisdictions.

03

Cross-Border Coordination

Multi-stakeholder interface across public,
private and sovereign structures.

04

Institutional Strategy

Long-term positioning, regulatory navigation
and strategic platform development.

AREAS OF INTEREST

Several recurring subjects continue to shape how I observe institutions, resources and long-term change.

Resource Corridors

Trade Routes

Institutional Memory

Material Culture

Heritage

Networks of Trust

Some things outlast the systems that created them.
